THE UNIVERSAL SPEAKER.
Containing a Collection of
SPEECHES, DIALOGUES and RECITATIONS,
Adapted to the Use of
SCHOOLS, ACADEMIES, AND SOCIAL CIRCLES,
Edited by
N. A. Calkins and W. T. Adams.

The excellencies of this work consist, in part, of its entire originality, of its more than usual adaptation to the wants of our High Schools and Academies, and of the systematic arrangement of its selections for declaration and for elecutionary practice. Those in Part 2d were prepared by Prof. Wim. Russell, the eminent Elecutionist, expressly for this work. The Publishers feel assured that in presenting this work to beachers and shoulars, they are offering them no revision of old matter with which they have long been familiar, but an original work, full of new, in teresting, and instructive pieces for the varied purposes for which it was designed.

A NEW BOOK on the POLITICAL HISTORY

A NEW BOOK on the POLITICAL HISTORY

OF the UNITED STATES

JUST PURLISHED BY D. APPLETON & CO.

PARTIES AND THEIR PRINCIPLES, A MANUAL OF POLITICAL INTELLIGENCE, EXHIBITING THE ORIGIN, GROWTH, AND CHRACTER OF NATIONAL PARTIES. WITH AN APPENDIX, CONTAINING VALUABLE AND GENERAL STATISTICAL INFORMATION. BY ARTHUR HOLMES I VOI, 1200. \$1.

Taking hold at the very beginning of our existence as a people, this book follows cown the course of can history, treating it with the especial view of tracing the party divisions which have from time to time grown up, and giving with respect to these divisions of the past time, in addition to a historical digest, such general and partocular information as never finds its way into national history; and, with respect to divisions of the present times, a clear, concise, statement, very useful to these who do not follow up our party changes very closely, and valuable also as a record, and for future reference.

It contains a succent, with the views of eminent Statesmen, the action of Congress and the hearing of three questions upon the country at large. While the work is coodenaed, it is at the same time clear in its delibeation of the origin, growth, character, and condition of parties Being strictly historical, it commends their to man of all shades of politics, as a work of reference, and as a safe guide to the intricacies of American politics and the past action of our Government.

The "eld stager" will find in this book much to jog his memory very profitably—while to any one studying the national history, and to young men who look forward to the probability of entering public life, it is altogether indispensable.

BREAKPAST, DINNER, AND TEA—VIEWED CLASSICAL-LY, POETICALLY, AND FRACTICALLY; containing numerons curious Dubras and Feasts of all times and countries; besides 300 modern Receipts. I vol small stor, gift top, \$1.50.
